

VOL. III.

In Agony

15 Years With Salt Rheum

Hood's Sarsaparilla Gave a Perfect Cure.

"C. I. Reed & Co., Lowell, Mass.: 'Hood's Sarsaparilla is an excellent medicine. I had eczema in my left leg for fifteen years. Part of the time my leg was one mass of scabs, and about every week corruption would gather under the skin and the scabs would slough off. The itching and burning sensation made me suffer intolerable agonies. I spent a great deal of money for different remedies but did not get relief. About a year ago, reading a newspaper, I noticed an advertisement for Hood's Sarsaparilla. I told so and have taken five bottles. Now all the sores, scabs and pain have vanished and I am enjoying perfect health. I think Hood's Sarsaparilla is second to none and highly recommend it to all suffering humanity.'"

Hood's Sarsaparilla Cures
Eczema, Salt Rheum, Scald Head, Itching and Burning, and all the sores, scabs and pain have vanished and I am enjoying perfect health. I think Hood's Sarsaparilla is second to none and highly recommend it to all suffering humanity."

Hood's Pills act easily, yet promptly and effectively on the liver and bowels. See Hobson Drug Company Wholesale Agents.

UP IN A BALLOON.

Price Does a Beautiful Ascent and Parachute Drop.

Prof. Price's balloon ascension at Remond Grove Saturday afternoon was a complete success. About 450 people witnessed it, 300 going from town on the special train. The balloon was set off from the grounds just back of the pavilion. There was a large open field in which the crowd stood. It afforded a perfect view of the exhibition. Wilfred Burns assisted the Professor in inflating the balloon. The start was made at 4:15. The balloon went straight upward for about 2,000 feet, when it struck a current of air from the sea and began to drift mountainwards. When 400 yards away and about 3,000 feet high, the Professor opened the balloon valve and dropped in his parachute.

The parachute fell through the air about 100 feet before it opened. Even then, on account of the lightness of the atmosphere, it descended at a remarkable rate and many feared the aeronaut would surely be killed. But when about 200 feet from the ground he dexterously veered his parachute to one side and landed beautifully on the side of a small hill. The balloon quickly turned over and dropped a hundred yards farther away.

Prof. Price and Mr. Burns announced another exhibition for next Saturday afternoon. Mr. Burns will make the ascent and will go up 5,000 feet. An effort will be made to have a terrific wind storm on the grounds at that time.

Made Her Feet Well.

The physician was surprised to find the head of the household at the door with a shotgun.

"Why, what's the matter?" stammered the doctor.

"That there Seattle beer you give my wife, she says is makin' her feel like a new woman, and I want you to understand that no new woman business goes in this house. Put that I know she'll be out makin' speeches."

For sale at Criterion saloon.

COFFEE ESTATE AND LANDS FOR SALE.

I am directed to sell at Public Auction on

Wednesday, May 27, 1896

at 12 o'clock noon of said day at my sales room on Queen street, in Honolulu (unless sooner disposed of at private sale) the following described property, to-wit:

A tract of land about 2,300 acres in fee simple situated at Kolo and Oloheoona, 1 1/2 miles from Kolo, Hawaii, about eight miles by a good road from Honolulu, one of the largest tracts of land in the Kingdom.

There is about seven hundred acres of splendid coffee land, lying all in one block on both sides of the Government Road. Eight hundred acres lying above and to the east of the coffee land, and about a mile from the coffee land, is a large tract of land, which is also well adapted for coffee culture. The lower land below the coffee land is suitable for pineapple and sugar. There is a dry house, store and work room, a Gordon's Pulper, laborers' quarters, water tanks at the plantation and the land is partly watered. There has never been any light on this land, although coffee was planted there a great many years ago. Old residents of Kolo like the late D. H. Nalini, J. W. Kaula and others have testified to this fact. There is a sea battery adjacent to Oloheoona. Terms cash or part of the purchase price can remain on mortgage at eight per cent per annum. Deeds and stamps at the expense of purchaser.

A map of the property can be seen and further particulars obtained at my sales room

B. WINS.

Another Victory Over the S. S. Second Target Team.

The return match between the first team Company B, N. G. H., and the second team Sharpshooters was shot off at the H. R. A. range Saturday afternoon. B shot with the same team, but the Sharpshooters substituted three men. The new shots were F. Wickander, M. H. Drummond and Albert Waterhouse. Several times the contest hung in the balances, but was finally won by B with nine points to spare. The score by teams was as follows:

COMPANY B.

Sergeant, Elvin.....454445444-43

"Hawaii Polka".....Waltelut

The exposure to all sorts and conditions of weather that a lumberman is subjected to during the summer months produces severe colds which, if not promptly checked, result in congestion of the lungs, pneumonia, and other serious ailments. The Fort Bragg Redwood Co., an immense institution at Fort Bragg, Cal., says that large quantities of Chamberlain's Cough Remedy at the Company's store and that he has himself used this remedy for a severe cold and obtained immediate relief. This cold prevents any tendency of a cold toward pneumonia and insures a prompt recovery. For sale by all Drugists and Dealers—BENSON, SMITH & Co., Agents, for H. I.

The Deadly Tinto River.

The Tinto river in Spain possesses remarkable qualities. Its waters are yellow as the topaz, harden the sand and petrify it in a most surprising manner. If a stone falls into the river and remains there for a few days, it becomes so hard that it can be used for a millstone. The water is so hot that it can be used for a bath. The water is so pure that it can be used for drinking. The water is so good that it can be used for cooking. The water is so sweet that it can be used for eating. The water is so clean that it can be used for washing. The water is so clear that it can be used for seeing. The water is so bright that it can be used for shining. The water is so strong that it can be used for pulling. The water is so soft that it can be used for pushing. The water is so light that it can be used for floating. The water is so heavy that it can be used for sinking. The water is so fast that it can be used for running. The water is so slow that it can be used for crawling. The water is so high that it can be used for jumping. The water is so low that it can be used for crawling. The water is so hot that it can be used for boiling. The water is so cold that it can be used for freezing. The water is so warm that it can be used for warming. The water is so cool that it can be used for cooling. The water is so dry that it can be used for drying. The water is so wet that it can be used for wetting. The water is so clean that it can be used for cleaning. The water is so dirty that it can be used for soiling. The water is so good that it can be used for everything.

Yale's Hair Tonic

LADIES AND GENTLEMEN: It affords me great pleasure to call the attention of the public to my Yale's Hair Tonic, which is the first and only remedy known to chemistry which positively turns gray hair back to its original color without dye. I personally know the action and give you my solemn guarantee that it has been tested in every conceivable way, and has proved itself to be the only Hair Tonic. It cures itching scalp, keeps the hair soft, and prevents baldness. It is not sticky or greasy; on the contrary, it makes the hair soft, combed, fluffy, keeps it in curl and removes dandruff. For gentlemen and ladies with hair a little gray, streaked gray, entirely gray, and with BALD HEADS, it is specially recommended.

All druggists, Price, 50c. Also Yale's Skin Food, Yale's Face Powder, Yale's Beauty Cream, etc. Yale, Conn. and New York. Sample sent free.

THE HOBSON DRUG CO., Sole Agents.
